DETAILED ACTION

Correction of Inventorship

1. In view of the papers filed 9/23/04, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by adding the following inventors: Goetz Knupfer, Bernhard Flaig, Karl Seyberth, and Gero Wittig.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the lead lines and reference numerals are not uniform. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
